## Fairhaven Transmission Main at SR-55 Project

<b>What</b>	Installation of a new 12-inch pipe underneath SR-55 freeway between the Fairhaven Plant site located at 2048 E. Fairhaven Avenue, Santa Ana, and Marchall Lane via the jack and bore method, main replacements along the access road between Marshall Lane and Ethelbee Way, and Fairhaven Ave.
<b>When</b>	Construction will commence November 20 <sup>th</sup> 2023 and completion is expected of the entire project by the end of July 2024. Anticipated working hours will be 7:00 AM to 4:00 PM.
<b>Where</b>	Installation of a new 12-inch pipe underneath SR-55 freeway between the Fairhaven Plant site located at 2048 E. Fairhaven Avenue, Santa Ana, and Marchall Lane via the jack and bore method stretching along Fairhaven Ave between Ponderosa Ave and Ethelbee Way, as well as Marshall Ave cul-de-sac.
<b>What to Expect</b>	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment. The streets will remain open to traffic during the construction period but traffic and parking may be restricted using traffic control and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration.
