

CONSTRUCTION NOTICE

Water Main Installation Project on Bayview Heights Drive and Highland Drive

What	Install approximately 800 feet of 12" PVC water mainline on Bayview Heights Drive and approximately 1,200 feet of 8" PVC water mainline on Highland Drive. The new pipeline will improve the hydraulics of the system and provide more reliable service to our customers.
When	Construction on the new pipeline will commence on <u>October 2, 2017</u> with completion expected the end of <u>January 12, 2018</u> . San Luis Obispo County working hours are from <u>8:00am to 5:00pm</u> .
Where	The new pipeline will be installed on Bayview Heights Drive from Highland Drive to approximately 400 feet North of Ocean View Place and on Highland Drive from Bayview Heights Drive to Palisades Avenue.
What to Expect	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment. The services will generally be installed using an air compressor and pneumatic boring tool. The streets will remain open to traffic during the construction period but traffic and parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick up will not be interrupted.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.

Golden State Water Company thanks you for your patience while we work to improve your water system.
