Water Pipeline Installation Project

| | |
|-----------------------|---|
| What | Install approximately 5,800 feet of 8-inch ductile iron pipe in Zinfandel Drive, Beclan, Riesling Way and Cabernet Way. The work will include connecting the new pipe to all the existing pipelines just outside of the intersections. Crews will require back yard access to abandon existing services and water mains. |
| When | Construction on the new pipeline will commence on <u>October 25, 2017</u> with completion expected the end of <u>December, 2017</u> . The <u>City</u> working hours are from <u>7:00 AM to 5:00 PM</u> . |
| Where | The new pipeline will be installed in <u>Zinfandel Drive</u> , from <u>Alicante</u> to <u>Barbera</u> . Work will also take place on <u>Pedro</u> and <u>Malbec Ct.</u> |
| What to Expect | Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment. The services will generally be installed using an air compressor and pneumatic boring tool. The streets will remain open to traffic during the construction period but traffic and parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pickup will not be interrupted. |
| Contacts | If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033. |

Golden State Water Company thanks you for your patience while we work to improve your water system.
