GSWC is seeking authorization from the California Public Utilities Commission (Commission) to increase the water rates in its Santa Maria Customer Service Area (CSA) by \$345,676 or 2.3% to offset purveyor rate changes for purchased electricity, purchased gas and purchased water costs.

Background

Electricity for the Santa Maria CSA is purchased from Pacific Gas and Electric (PG&E), purchased gas is obtained from Southern California Gas Co (SCG), and purchased water is obtained from Nipomo Community Service District, City of Santa Maria and the Central Coast Water Authority.

PG&E increased their electric rates on March 1, 2021. This resulted in an increase in GSWC's annual purchased electricity expense of \$226,889 above the amount currently reflected in GSWC's rates.

SCG increased their gas rates on May 10, 2021. This resulted in an increase in GSWC's annual purchased gas expense of \$139 above the amount currently reflected in GSWC's rates.

Nipomo Community Service District purchase water expense has increased in 2021 and resulted in an increase in GSWC's Supplemental Water expense of \$118,081 above the amount currently reflected in GSWC's rates. There were no changes to the rates for City of Santa Maria and Central Coast Water Authority for this filing.

Revenues to cover the supply expense rate changes would also increase the uncollectible expenses by \$567, above the amounts currently reflected in GSWC's rates.

An increase of \$345,676 or 2.3% is needed to offset the net supply costs increase in Santa Maria.

Copies of detailed workpapers supporting the proposed rate increase and rate calculations have been provided to the Commission Staff in accordance with Standard Practice U-27-W.

Effective Date

This advice letter is submitted with a Tier 1 designation. GSWC is requesting this filing become effective July 1, 2021.

Notice

This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. GSWC will notify its customers of this

rate increase by placing a message on the customer's water bills that are generated after the increase goes into effect. GSWC has attached a copy of its Customer Notice Verification with the drafted bill message language.

Response or Protest

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the Advice Letter (AL). A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Division of Water and Audits
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:
regulatoryaffairs@gswater.com

Mailing Address:
Golden State Water Company
Attn: Gladys Estrada
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/Gladys Estrada

Non-Residential Metered Service

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology.
3. Non-residential Sprinkler rates can be added as needed utilizing the multiplication factors identified in Appendix F of D. 17-03-001, applied to the 5/8" meter charge.
4. Pursuant to Decision No. 19-05-044 and Advice Letter No. 1842-W, a surcharge of \$0.095 per Ccf will be applied to all metered customer bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account.
5. Pursuant to D. 13-05-011, to recover the Santa Maria Water Rights Litigation post expense balance as of December 31, 2005 a surcharge of \$0.126 per Ccf is to be added to the quantity rate and is subject to recalibration annually until May 21, 2023 or until the SMWRMA is fully recovered, whichever is sooner.
6. Applicants requesting a new service connection, a new water meter or an increase in the size of their existing service connection and/or existing water meter resulting in increased demand within the Santa Maria Customer Service Area, as defined on the Service Area Maps, must provide a source of supplemental water to offset the increased water demand, pursuant to the Court adopted Stipulation in Santa Maria Valley Water Conservation District v. City of Santa Maria, et al. (and related actions), Lead Case No. CV 770214, Superior Court of the State of California, County of Santa Clara, in January 2008, and Commission Decision No. 13-05-011.
7. Beginning July 1, 2021, as required by Section 792.5 of the Public Utilities Code, an increase in purchased power of \$0.02730/kWh and \$0.52496/Therms and an increase in purchased water of \$1.99923/Ccf, relative to the Purchased Power and Purchased Water cost adopted by Decision No. 19-05-044, and an associated revenue increase of 2.3%, are being tracked in a reserve account.
