Revised No. 9481-W	Table of Contents, Page 1	Revised No. 9473-W

GSWC is seeking authorization from the California Public Utilities Commission (Commission) to increase the water rates in its Santa Maria Customer Service Area (CSA) by \$207,353 or 1.16% to offset purveyor rate changes for purchased water costs.

### **Background**

Nipomo Community Service District purchase water expense has increased in 2024 and resulted in an increase in GSWC's Supplemental Water expense of \$206,972 above the amount currently reflected in GSWC's rates. There were no changes to the rates for City of Santa Maria and Central Coast Water Authority for this filing.

Revenues to cover the supply expense rate changes would also increase the uncollectible and franchise fee expenses by \$380 and \$1 respectively, above the amounts currently reflected in GSWC's rates.

As shown in the workpapers, an increase of \$207,353 or 1.16% to Adopted Gross Revenue is needed to offset the net supply costs increase in Santa Maria.

Copies of detailed workpapers supporting the proposed rate increase and rate calculations have been provided to the Commission Staff in accordance with Standard Practice U-27-W.

### **Effective Date**

This advice letter is submitted with a Tier 1 designation. GSWC is requesting this filing become effective January 1, 2024.

### **Notice**

This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. GSWC will notify its customers of this rate increase by placing a message on the customer's water bills that are generated after the increase goes into effect.

### **Response or Protest**

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;

2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.** The addresses for submitting a response or protest is:

California Public Utilities Commission  
Water Division  
505 Van Ness Avenue  
San Francisco, CA 94102  
**E-mail:** [Water.Division@cpuc.ca.gov](mailto:Water.Division@cpuc.ca.gov)

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy of the protest to Golden State Water Company, addressed to:

Golden State Water Company  
Attn: Gladys Estrada  
630 East Foothill Blvd.  
San Dimas, CA 91773  
**E-mail:** [regulatoryaffairs@gswater.com](mailto:regulatoryaffairs@gswater.com)

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

**Replies**

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

/s/ Gladys Estrada
