Customer Update: Sulphur Fire, Lake County

Golden State Water would like to thank the firefighters, public safety agencies and our dedicated team of employees for their heroic efforts to protect the Clearlake community during the Sulphur Fire in Lake County.

Our thoughts are with all of our Clearlake customers and employees who have been severely impacted by this catastrophic fire.

Customers are encouraged to [click here](#) for local updates and evacuation information.

Please Note: A precautionary boil water notice was issued on Monday (Oct. 9) to approximately 500 Clearlake residents along Lakeshore Drive, north of and including San Joaquin Drive. That precautionary boil water notice remains in effect.
