Advice Letter No. 1768-W

(U 133 W)

## California Public Utilities Commission

Golden State Water Company (GSWC) hereby transmits one original and three conformed copies of the following tariff sheets applicable to its Region 3-South Arcadia Tariff Area Map:

| <u>CPUC Sheet No.</u> | <u>Title of Sheet</u>            | <u>Canceling CPUC Sheet No.</u> |
|-----------------------|----------------------------------|---------------------------------|
| Revised No. 8285-W    | South Arcadia Tariff Area Map    | Revised No. 8004-W              |
| Revised No. 8286-W    | Table of Contents<br>Page 1 of 4 | Revised No. 8284-W              |

**Subject:** Service Area Extension Request - Region 3- South Arcadia Tariff Area

### Purpose

The purpose of this filing is to extend GSWC's South Arcadia Tariff Area Map, located in the Region 3 -San Gabriel Customer Service Area, to include a contiguous parcel that is being developed by an existing GSWC water service customer in the city of El Monte.

On August 18, 2018, GSWC received an Application for Water Service from Goodman Logistics Center to provide water and fire protection service for a proposed expansion of existing warehouse buildings currently served by GSWC. The expansion will include four new contiguous buildings that will be located at 4200, 4250, 4300, and 4388 Shirley Avenue in the city of El Monte. GSWC currently provides water and fire protection service to the developer's existing buildings located at 10150 Lower Azusa Road, which is at the intersection of Lower Azusa Road and Shirley Avenue in the city of El Monte. The four new buildings are projected to be completed by December 31, 2019.

The developer will enter into a main extension agreement with GSWC upon approval of this advice letter. All of the required documents are being supplied to the Water Division as supporting workpapers. As shown in the Water Source And Certification Questionnaire (WSCQ), the total water supply available is 7,938 gallons per minute (gpm). The South Arcadia water supply, including the four new warehouse expansion project, is projected to be 3,236 gpm, resulting in an excess capacity of 4,702 gpm.

**Last South Arcadia Tariff Area Map Update**

The South Arcadia Tariff Area Map was last updated in Advice Letter No. 1737-W, which became effective on March 16, 2018. The purpose of Advice Letter No. 1737-W was to bring the Arcadia Tariff Map into compliance with General Order 96-B, Section 8.5.4.

**Supporting Workpapers**

The supporting workpapers for this filing is fully executed Water Source and Certification Questionnaire, which contain the following documents:

- Application for Service from the developer
- GSWC's Can and Will Serve Letter
- The City of El Monte's Acknowledgement of Delivery of Exclusive Domestic Water Service to the Goodman Project

The Commission's Standard Practice U-14 requires that at least 30 days prior to providing service the utility is to file a new service area map by advice letter and serve a copy of the advice letter on all entities on the service list. GSWC will mail copies of this advice letter to all affected entities on the filing date of this advice letter.

The filing of this map will not increase or change, cause the withdrawal of service nor conflict with other schedules or rules.

**Tier Designation**

This advice letter is submitted with a Tier 2 designation. GSWC requests that this filing be effective 30 days after the filing, which is May 10, 2019.

**Protest and Responses**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter.
