In compliance with Decision No. 19-05-044, Ordering Paragraph No. 64, GSWC request to cancel all tariff sheets related to its former Ojai district, from its Tariff Book.

Background

On May 1, 2018 GSWC filed Advice Letter No. 1744-W, requesting the withdrawal of all tariff sheets related to the Ojai District and the removal of references to Ojai in other tariff sheets. On October 3, 2018, the California Public Utilities Commission's (CPUC) Water Division notified GSWC that the advice letter was being rejected on procedural grounds and that this issue would be addressed in GSWC's current General Rate Case, A.17-07-010.

On May 30, 2019, the CPUC issued D. 19-05-044. Ordering Paragraph No. 64 states,

Golden State Water Company shall file a Tier 2 advice letter to amend its tariff sheets by removing reference to the Ojai system.

Compliance

GSWC submits this advice letter in compliance with Ordering Paragraph No. 64 in D.19-05-044 and request to remove all tariffs that pertain to or contain reference to its former Ojai district.

Tier Designation

This advice letter is submitted with a Tier 2 designation as directed in D.19-05-044. GSWC requests that this filing be effective 30 days after the filing, which is July 11, 2019.

Response or Protest

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Division of Water and Audits
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:
regulatoryaffairs@gswater.com

Mailing Address:
Golden State Water Company
Gladys Estrada
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL. Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/ Gladys Estrada
Regulatory Affairs Department
