Advice Letter No. 1824-W

(U 133 W)

California Public Utilities Commission

Golden State Water Company ("GSWC") hereby transmits the following tariff sheets applicable to its Region 3 service territory:

<u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling CPUC Sheet No.</u>
Revised No. 8723-W	West Orange System Tariff Map	Revised No. 8252-W
Revised No. 8724-W	Table of Contents Page 1 of 4	Revised No. 8722-W

Subject: West Orange System Tariff Map Revision

PURPOSE

The purpose of this filing is to update GSWC's West Orange System Tariff Map to reflect the transfer of a GSWC water service customer to the City of Buena Park Department of Public Works ("Buena Park").

BACKGROUND

Guidestone Church ("Guidestone"), located at 5600 Crescent Avenue in Buena Park, is currently a GSWC customer. GSWC has served this property since October 16, 1959. Guidestone has been undergoing extensive development and improvements for an expansion project and has purchased an adjacent property for this project. The water service for the adjacent property is provided by Buena Park. The construction project will require additional water demand and fire flow to the entire property. As a GSWC customer, in order to achieve the necessary water demand and fire flow requirements, GSWC's water system infrastructure would need to be upgraded at an estimated cost of \$100,000. Buena Park is able to provide water service to the entire property, upon completion of the project, at no cost to Guidestone. Buena Park has the existing distribution infrastructure that can provide Guidestone with the required water demand and fire flow requirements.

On May 28, 2020, Guidestone sent a letter to GSWC requesting service termination. On June 16, 2020, Buena Park sent a letter to GSWC consenting to provide water service to Guidestone. GSWC does not object to the request of Guidestone to transfer water service and fire protection to Buena Park.

REQUEST

GSWC is requesting authorization from the California Public Utilities Commission to transfer water service at 5600 Crescent Avenue to Buena Park. GSWC has attached letters from both Guidestone (Attachment A) and Buena Park (Attachment B) as supporting documents to the request in this advice letter.

GSWC will notify all persons and entities on its G.O. 96-B service list, that have provided email addresses, that they may view and/or download a copy of this advice letter on GSWC's website at www.GSWater.com.

The filing of this map will not increase or change, cause the withdrawal of service nor conflict with other schedules or rules.

EFFECTIVE DATE

GSWC is requesting that this filing become effective on August 12, 2020.

TIER DESIGNATION

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 2 designation.

CUSTOMER NOTICE

Pursuant to Water Industry Rule No. 3.2 in the Commission's General Order 96-B, this advice letter does not require a customer notice nor a customer notice verification.

RESPONSE OR PROTEST

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or

6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

Water Division must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Division of Water and Audits
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to Water Division, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:

regulatoryaffairs@gswater.com

Mailing Address:

Golden State Water Company
Ronald Moore
630 East Foothill Blvd.
San Dimas, CA 91773

REPLIES

The utility shall reply to each protest and may reply to any response. Any reply must be received by Water Division within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

/s/ Ronald Moore

Steve Brown

Golden State Water Company

RE: Account 55642000008

Dear Steve:

As we have been discussing over the last several months, Guidestone Church is starting a construction project to build our new Church sanctuary. Our property (two parcels) has been served for years by two different water departments: Golden State Water and City of Buena Park Water. One of the conditions of approval of our project was that the parcels had to be combined into one at the end of construction. Since Buena Park already serves one parcel and Golden State Water's line is at the end of its service area, it would have been too expensive to ask Golden State Water to extend their line into the City of Buena Park. I believe the estimate given us was about \$100,000.00. So, we decided to use the City of Buena Park Water department to supply our water.

Since that decision was made Buena Park has installed new lines and fire protection service to the site. This past week a new temporary line was installed to provide Buena Park Water to our church. Given that development, we no longer need the service from Golden State Water. Please turn off all water service from your company. Thank you for your help in getting this all done for us.

Attention: Regulatory Affairs

Subject: Transfer Water Service to Guidestone Church, 5600 Crescent Avenue

To Whom It May Concern:

The City of Buena Park Public Works Department, through its Water Division, is prepared to provide water service to the property located at 5600 Crescent Avenue, Buena Park. The City acknowledges that Golden State Water Company (GSWC) has provided service to a portion of this property for several decades under authority granted by the California Public Utilities Commission, through a certificate of public convenience and necessity.

The City is working closely with the Property owner on the development and improvement of the site. These improvements will require a water service upgrade to meet currently-adopted fire protection standards. It has come to our attention that the existing GSWC distribution main which services this property would need to be upgraded at a significant cost to the property owner in order to meet the current fire protection standard for this type of development. The City of Buena Park has an existing distribution main fronting the property, which can provide the required service to meet these standards, with no additional costs to upgrade the water mains.

It is our understanding that the property owner has expressed their desire to transfer water service from GSWC to the City of Buena Park, and that GSWC supports this request.

The City of Buena Park consents to provide water service to the property at 5600 Crescent Avenue, Buena Park, hereto forward, and will do so under the authorized and approved terms and conditions for service as duly adopted and amended from time to time by its City Council.

Respectfully,

Nabil S. Henein, P.E.
Director of Public Works/City Engineer
