**Subject:** 2021 Escalation Year –Region 3

### **PURPOSE**

This advice letter submittal seeks to implement Escalation Year 2021 water rates, as authorized by the California Public Utilities Commission (“Commission”), for the Region 3 CSAs. GSWC’s request is being made pursuant to Decision No. 19-05-044, dated May 30, 2019 for GSWC’s General Rate Case Application (Application No. 17-07-010). Specifically, Ordering Paragraph No. 1 of Decision No. 19-05-044 states,

*1. The joint motion filed on August 15, 2018, for the adoption of the Settlement Agreement, is granted. The Settlement Agreement attached to this decision as Appendix A is adopted.*

Ordering Paragraph No. 4 states,

*4. For escalation years 2020 and 2021, Golden State Water Company must file Tier 1 advice letters in conformance with General Order 96-B proposing new revenue requirements and corresponding revised tariff schedules for each ratemaking area in this proceeding. The advice letters must follow the escalation procedures set forth in the Revised Rate Case Plan for Class A Water Utilities adopted in Decision 07-05-062 and must include supporting workpapers. Golden State Water Company must file for rate reduction if the escalation procedures result in a rate reduction due to negative rate base growth, inflation factors, or customer growth. The revised tariff schedule must take effect on January 1, 2020 and January 1, 2021, respectively and apply to services rendered on and after their effective dates. The proposed revised revenue requirements and rates must be reviewed by the Commission’s Water Division. The Water Division must inform the Commission if it finds that the revised rates do not conform to the Revised Rate Case Plan, this decision, or other Commission decisions, and if so, reject the filing.*

### **COMPLIANCE**

GSWC is filing this advice letter to implement rates for Escalation Year 2021. GSWC is authorized to increase rates in its Region 3 CSAs by \$4,561,360 or 3.54%. Accordingly, GSWC has computed the 2021 Escalation Year using the escalation methodology set forth in the Revised Rate Case Plan, the escalation factors as of September 2020 as published by the Public Advocates Office Energy Cost of Service Branch, and the September 2020 CPI-U.

### **RATE OF RETURN**

The following summary lists the Recorded, Authorized, and Pro-forma rates of return in GSWC's Region 3 CSAs for twelve months ending September 2020. The pro forma rate of return is calculated in accordance with guidelines provided by the Water Division.

<b>Recorded</b>	<b>8.64%</b>
<b>Authorized</b>	<b>7.91%</b>
<b>Pro forma</b>	<b>7.82%</b>

As shown above, the Pro-forma return is less than the Authorized rate of return. As such, no earnings adjustment is required for the proposed 2021 water rate increase.

Detailed workpapers supporting the proposed rate increase and rate calculations are being supplied to the Commission Staff.

#### **TIER DESIGNATION**

This advice letter is submitted with a Tier 1 designation.

#### **EFFECTIVE DATE**

As directed, the effective date of these revised tariffs shall be January 1, 2021.

#### **NOTICE**

Customer Notice: This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. GSWC will include a bill message on each customer's first bill after the increase goes into effect to inform its Region 3 customers of this rate increase.

#### **RESPONSE OR PROTEST**

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or

5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

**Mailing Address:**

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

**REPLIES**

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL. Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

If the Effective Date occurs while Fixed Costs remain the same, Forest Lawn will pay an initial monthly Water Service Fee of two thousand, four, hundred forty-six dollars (\$2,446) for GSW's maintaining a potable water connection for use by the Cemetery for irrigation purposes, which the Parties agree is an accurate determination of Forest Lawn's proportional share of said Fixed Costs.

Schedule No. R3-3  
Irrigation Water Service To Forest Lawn  
Memorial Park - Covina Hills

SPECIAL CONDITIONS

5. Quantity Fee for Recycled Water. GSW shall not assess a quantity fee for the quantity of recycled water used by the Cemetery for irrigation purposes.
6. Potable Water Quantity Fee. Should the Cemetery use potable water supplied by GSW for irrigation purposes following commencement of the use of recycled water for such purposes, GSW shall charge Forest Lawn and Forest Lawn shall pay to GSW a fee per hundred cubic feet of potable water served to the Cemetery ("Potable Water Quantity Fee"), which shall reimburse GSW for the variable costs of supplying potable water supplies to the Cemetery for irrigation purposes. The Potable Water Quantity Fee shall initially be equal to forty-nine percent (49%) ("Variable Cost Percentage") of GSW's Generally applicable water quantity fee pursuant to GSW's tariff schedule R3-1 or successor tariff. The initial Variable Cost Percentage is set forth in Advice Letter No. 1217-W.
7. The Variable Cost Percentage shall be adjusted, as necessary, concurrently with the effective date of each future change in GSW's CPUC-approved tariff schedule R3-1 or successor tariff. The methodology for said Variable Cost Percentage adjustment shall be the same as that set forth in Exhibit B to the Agreement attached to Advice Letter No. 1217-W.
8. Meter Service Cost. Forest Lawn shall reimburse GSW for any and all actual costs incurred by GSW in replacing the meters associated with providing potable water to the Cemetery for irrigation purposes, when such replacement is, in GSW's sole determination, necessary.
9. Potable Water Supplies During Drought Period Conditions; Rationing. The Parties acknowledge that the substitution of recycled water for a significant portion of the Cemetery's irrigation needs will result in a lower historical baseline of potable water service to the Cemetery in the future. GSW agrees that should it employ a rationing program during drought periods, which sets water supply allocations based upon historical baseline water use, Forest Lawn will be assigned an effective annual baseline use equal to its actual annual use of recycled and table water during any baseline period.
