**Subject**

This advice letter requests to amortize the combined balance in the Water Revenue Adjustment Mechanism (“WRAM”) balancing account and the Modified Cost Balancing Account (“MCBA”) for GSWC’s Region 2 Customer Service Area. This filing includes the 2020 WRAM&MCBA under collection of \$11,595,142 along with a residual under collection of \$6,113,074<sup>1</sup> from the previous WRAM&MCBA filings. The combined balance in this filing is an under collection of \$17,708,216 or 12.1% of the current adopted annual revenue.

---

<sup>1</sup> Net WRAM&MCBA residuals as of February 28, 2021.

This request is pursuant to Decision (“D.”) 12-04-048 authorizing GSWC to amortize its WRAM&MCBA account balances annually. D.12-04-048 Ordering Paragraph 5:

5. *Applicants must submit their annual requests for amortization of net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account balances by a Tier 1 Advice Letter on or before March 31<sup>st</sup>.*

### **Background**

On August 25, 2008, the Commission issued D.08-08-030 authorizing the settlement agreements between GSWC and DRA on WRAM and Conservation Rate Design issues pursuant to Ordering Paragraph 1 from D.08-08-030:

*The following settlement agreements are approved and adopted:*

- *Golden State Water Company (GSWC)/Division of Ratepayer Advocates (DRA) on conservation rate design trial program and amendment to settlement except the interim rate design for Region I.*

The purpose and method of tracking WRAM and MCBA is outlined in the D.08-08-030 Settlement Agreement Section V. MECHANISMS FOR DECOUPLING SALES AND REVENUE:

- A. *The goals of the decoupling mechanisms in the Pilot Program are as follows:*
  1. *Sever the relationship between sales and revenue to remove any disincentive for GSWC to implement conservation rates and conservation programs.*
  2. *Ensure cost savings resulting from conservation are passed on to ratepayers.*
  3. *Reduce overall water consumption by GSWC ratepayers.*
- B. *Decoupling for GSWC will be accomplished through both of the following mechanisms:*
  1. *A Water Revenue Adjustment Mechanism (WRAM) for each ratemaking area.*
  2. *A Modified Cost Balancing Account (MCBA) for each ratemaking area. MCBA's will replace existing cost balancing accounts for purchased power, purchased water, and pump tax.*
  3. *In accordance with established Commission practice, the WRAM and MCBA accounts will accrue interest at the 90-day commercial paper rate.*

The Settlement Agreement Section VI. WATER REVENUE ADJUSTMENT MECHANISM (WRAM) states:

- B. The WRAM will track the differences between Adopted Revenue and Actual Revenue, excluding;*
- 1. Fire service revenue;*
  - 2. Unmetered Service revenue;*
  - 3. Other non-general metered service revenue*

Therefore, non-general<sup>2</sup> metered water services are excluded from the allocation of the net WRAM balance.

Per the Settlement Agreement Section VII. MODIFIED COST BALANCING ACCOUNT (MCBA), the activation of MCBA will replace current supply cost balancing accounts. Section VII.C states:

- C. An MCBA will replace each of the current balancing accounts, now referred to as Supply Cost Balancing Accounts:*
- 1. GSWC currently has a Supply Cost Balancing Account for purchased water, purchased power, and pump taxes.*
  - 2. The Supply Cost Balancing Account tracks cost changes attributable to changes in unit price, but not changes in the amount of consumption.*
  - 3. MCBAs track changes in price and quantity.*

The net MCBA balance is allocated to all Region 2 metered customers including non-general metered tariffs.

On April 30, 2012, the Commission issued D.12-04-048, which amongst other things, changed the amortization period of the Water Revenue Adjustment Mechanism. D.12-04-48 Ordering Paragraph 3:

- 3. We adopt the amortization schedule set forth in Appendix A with a cap on total net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement. The cap shall be effective the first test year of each applicant's pending or next General Rate Case, as follows:*
  - Golden State and Park: Advice Letter filing on March 2014*
  - Cal Water: Advice Letter filings on March 2015*
  - Apple Valley: Advice Letter filing on March 2016*

---

<sup>2</sup> GSWC R2 non-general metered tariff schedule is ME-3

*WRAM/MCBA account balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to surcharge cap.*

D.12-04-048 Appendix A:

WRAM/MCBA under-collections as a % of the district's last authorized revenue requirement	Amortization Period

Decision 12-04-048 also permits:

*“applicants to include any under-amortized or over-amortized amounts from ongoing surcharges or surcredits in their annual Tier 1 Advice Letter submissions. Those ongoing surcharges or surcredits may run until the end of their originally intended amortization terms, provided that the ceiling on annual Advice Letter amortization, discussed earlier, is not exceeded.”<sup>3</sup>*

---

<sup>3</sup> Decision 12-04-048 at p.30

In regards to under or over collections, D.12-04-048 Conclusion of Law 7 states:

*“It is reasonable to require that net WRAM&MCBA over-collections be amortized through a surcredit on a customer’s service charges and that all under-collections be amortized through a surcharge on the volumetric rate.”<sup>4</sup>*

In Region 2, the net WRAM&MCBA balance is an under collection of \$17,708,216 or 12.1% of the current adopted annual revenue. Pursuant to D.12-04-048, the balance should be amortized over an 18-month period through a volumetric rate.

### **Request**

The purpose of this filing is to amortize Region 2’s net WRAM&MCBA. The net WRAM&MCBA is an under collection of \$17,708,216 or 12.1% of current adopted annual revenue. GSWC is seeking a temporary surcharge of \$0.536 per Ccf for residential metered customers on Schedule No. ME-1-R and non-residential metered customers on Schedule No. ME-1-NR, and \$0.382 per Ccf for non-general metered customers on Schedule No. ME-3. The previous WRAM&MCBA surcharge approved through Advice Letter 1809-W will expire upon the effective date of the WRAM&MCBA surcharge from this filing. This temporary surcharge would be in effect for a 18-month period beginning on the effective date of this advice letter.

Any over or under collection resulting from the WRAM&MCBA surcharge or sur-credit will be included in subsequent filings of the WRAM&MCBA.

### **Tier designation**

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

### **Effective date**

GSWC is requesting that this filing become effective on April 9, 2021.

### **Notice**

Anyone may submit a response or protest for this Advice Letter (“AL”). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

Water Division must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**
