Advice Letter Cover Sheet

Utility Name: GOLDEN STATE WATER COMPANY

Date Mailed to Service List: 3/31/2025

District: Region 1, Region 2 & Region 3

CPUC Utility #: 133 W

Protest Deadline (20th Day): 4/20/2025

Advice Letter #: 1958-W

Review Deadline (30th Day): 4/30/2025

Tier ☒ 1 ☐ 2 ☐ 3 ☐ Compliance

Requested Effective Date: 5/1/2025

Authorization D.12-04-048

Rate Impact: VARIOUS

Description: Request to amortize the WRAM/MCBA Balancing Account under-collection in Arden Cordova, Los Osos, Santa Maria, Simi Valley, Region 2 and Region 3; and over-collection in Bay Point Customer Service Areas.

VARIOUS

Arden Cordova: \$896,662 or 4.46%; Bay Point: -\$264,003 or -3.16%; Los Osos \$330,732 or 5.73%; Santa Maria: \$2,355,659 or 11.30%; Simi Valley: \$644,489 or 3.42%; Region 2: \$7,329,066 or 3.70%; and Region 3: \$13,554,299 or 7.15%.

The protest or response deadline for this advice letter is 20 days from the date that this advice letter was mailed to the service list. Please see the "Response or Protest" section in the advice letter for more information.

Subject

This advice letter requests to amortize the combined balance in the Water Revenue Adjustment Mechanism (“WRAM”) balancing account and the Modified Cost Balancing Account (“MCBA”) for GSWC’s Arden Cordova, Bay Point, Los Osos, Santa Maria, and Simi Valley Customer Service Areas in Region 1; Region 2; and Region 3 Customer Service Areas. This filing includes the 2024 WRAM&MCBA balances along with all residual balances¹ from previous WRAM&MCBA filings² and monies collected from Schedule 14.1 drought water use violation fines and drought emergency surcharges³. The table below shows the combined balance by ratemaking area:

¹ Residuals as of February 28, 2025.

² AL 1938-WA for Region 1 CSAs, Region 2 and Region 3

³ Monies collected as of February 28, 2025.

	2024 WRAM&MCBA as of 12/31/2024			Residual as of 2/28/25				Under (Over) Collection
Rate Making Area	WRAM	MCBA	2024 Total	WRAM	MCBA	Total Residual	Schedule 14.1	Total with Residuals
Arden Cordova	\$201,475	\$158,453	\$359,929	\$536,734	\$0	\$536,734	\$0	\$896,662
Bay Point	(\$353,936)	\$71,737	(\$282,199)	\$18,195		\$18,195	\$0	(\$264,003)
Los Osos	\$16,669	\$200,527	\$217,196	\$150,528		\$150,528	(\$36,992)	\$330,732
Santa Maria	\$443,185	\$1,120,223	\$1,563,408	\$802,509	\$205,274	\$1,007,783	(\$215,532)	\$2,355,659
Simi Valley	(\$16,955)	\$157,306	\$140,351	\$504,138		\$504,138	\$0	\$644,489
Region 2	\$2,889,001	(\$2,036,951)	\$852,050	\$7,154,525	(\$677,509)	\$6,477,016	\$0	\$7,329,066
Region 3	\$4,080,146	\$1,778,628	\$5,858,774	\$7,951,069	(\$255,544)	\$7,695,525	\$0	\$13,554,299
Total	\$7,259,585	\$1,449,924	\$8,709,509	\$17,117,699	(\$727,779)	\$16,389,919	(\$252,524)	\$24,846,904

GSWC is requesting to amortize an under collection in its Arden Cordova, Los Osos, Santa Maria, Simi Valley, Region 2, and Region 3 Customer Service Areas. Additionally, GSWC is requesting to refund an over collection in its Bay Point Customer Service Area. A credit from Schedule 14.1 premium allocation charges is included within the Los Osos and Santa Maria balances.

This request is pursuant to Decision (“D.”) No. 12-04-048 authorizing GSWC to amortize its WRAM&MCBA account balances annually. D.12-04-048 Ordering Paragraph 5:

5. *Applicants must submit their annual requests for amortization of net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account balances by a Tier 1 Advice Letter on or before March 31st.*

Background

Pursuant to Decision No. 12-04-048, GSWC is required to submit its annual requests for amortization of net WRAM/MCBA balances on or before March 31st of each year.

Region 1

For Region 1, the Commission issued D.09-05-005 on May 8, 2009, authorizing the settlement agreements between GSWC and DRA on WRAM and Conservation Rate Design issues pursuant to Ordering Paragraph 1 from D.09-05-005:

1. *The Settlement Agreement, as modified by updated conservation rates set forth in Table 1 and Table 2 herein, is approved and adopted.*

The purpose and method of tracking WRAM and MCBA is outlined in the D.09-05-005 Settlement Agreement Section V. MECHANISMS FOR DECOUPLING SALES AND REVENUE:

- A. The goals of the decoupling mechanisms in the Pilot Program are as follows:*
 - a. Sever the relationship between sales and revenue to remove any disincentive for GSWC to implement conservation rates and conservation programs.*
 - b. Ensure cost savings resulting from conservation are passed on to ratepayers.*
 - c. Reduce overall water consumption by GSWC ratepayers.*
- B. Decoupling of GSWC will be accomplished through both the following mechanisms:*
 - a. A WRAM for each ratemaking area in Region 1 except Clearlake.*
 - b. An MCBA for each ratemaking area in Region 1 except Clearlake. MCBAs will replace existing cost balancing accounts for purchased power, purchased water, and pump tax.*
- C. Together, these decoupling mechanisms will ensure recovery of the adopted fixed costs recovered through the quantity charge and the actual variable costs for purchased water, purchased power, and pump taxes. The fixed costs not included in these accounts will be recovered through the service charge, which is a monthly charge that customers pay regardless of consumption.*
- D. In accordance with established Commission practice, the WRAM and MCBA accounts will accrue interest at the 90-day commercial paper rate.*

The net WRAM balance is allocated to all customers on the general metered⁴ rate schedule. The Settlement Agreement Section VI. WATER REVENUE ADJUSTMENT MECHANISM (WRAM) states:

- A. For each ratemaking area in Region 1, except Clearlake, the WRAM will track the differences between the total quantity charge revenues authorized by the Commission ("Total Adopted Quantity Revenues") and the total revenues actually recovered through the quantity charge based on actual sales ("Total Actual Quantity Revenues"), excluding;*
 - 1. Fire service revenue;*
 - 2. Unmetered Service revenue;*
 - 3. Other non-general metered service revenue.*

⁴ General metered schedules in Arden Cordova, Los Osos, Santa Maria and Simi Valley: AC-1, BY-1-R, BY-1-NR, LO-1-R, LO-1-NR, SM-1-R, SM-1-NR, SI-1-R, and SI-1-NR

Per the Settlement Agreement Section VII. MODIFIED COST BALANCING ACCOUNT (MCBA), the activation of MCBA will replace current supply cost balancing accounts. The Settlement Agreement Section VII.C states:

- C. An MCBA will replace each of the current balancing accounts, now referred to as Supply Cost Balancing Accounts.*
- 1. GSWC currently has a Supply Cost Balancing Account for purchased water, purchased power, and pump taxes.*
 - 2. The Supply Cost Balancing Account tracks cost changes attributable to changes in unit price, but not changes in the amount of consumption.*
 - 3. MCBA's track changes in price and quantity.*

Non-general metered water services are excluded from the allocation of the net WRAM balance; however, we are including WRAM allocation to tariff LO-RCW. Tariff LO-RCW was added to the system on September 6, 2018 pursuant to Advice Letter 1752-W. Although tariff LO-RCW is a non-general metered tariff, there is currently one customer on the LO-RCW tariff that was transferred from general metered tariff LO-1-NR in 2021 and therefore, should contribute to the amortization of the WRAM&MCBA that they partially generated.

Regions 2 and 3

For Regions 2 and 3, the Commission issued D.08-08-030 on August 25, 2008 authorizing the settlement agreements between GSWC and DRA on WRAM and Conservation Rate Design issues for Regions 2 and 3 pursuant to Ordering Paragraph 1 from D.08-08-030:

- 1. The following settlement agreements are approved and adopted:*
 - Golden State Water Company (GSWC)/Division of Ratepayer Advocates (DRA) on conservation rate design trial program and amendment to settlement except the interim rate design for Region I.*

The purpose and method of tracking WRAM and MCBA is outlined in the D.08-08-030 Settlement Agreement Section V. MECHANISMS FOR DECOUPLING SALES AND REVENUE:

- A. The goals of the decoupling mechanisms in the Pilot Program are as follows:*
 - 1. Sever the relationship between sales and revenue to remove any disincentive for GSWC to implement conservation rates and conservation programs.*
 - 2. Ensure cost savings resulting from conservation are passed on to ratepayers.*
 - 3. Reduce overall water consumption by GSWC ratepayers.*
- B. Decoupling for GSWC will be accomplished through both of the following mechanisms:*

1. *A Water Revenue Adjustment Mechanism (WRAM) for each ratemaking area.*
2. *A Modified Cost Balancing Account (MCBA) for each ratemaking area. MCBAs will replace existing cost balancing accounts for purchased power, purchased water, and pump tax.*
3. *In accordance with established Commission practice, the WRAM and MCBA accounts will accrue interest at the 90-day commercial paper rate.*

The Settlement Agreement Section VI. WATER REVENUE ADJUSTMENT MECHANISM (WRAM) states:

- B. The WRAM will track the differences between Adopted Revenue and Actual Revenue, excluding;*
1. *Fire service revenue;*
 2. *Unmetered Service revenue;*
 3. *Other non-general metered service revenue*

Per the Settlement Agreement Section VII. MODIFIED COST BALANCING ACCOUNT (MCBA), the activation of MCBA will replace current supply cost balancing accounts. Section VII.C states:

- C. An MCBA will replace each of the current balancing accounts, now referred to as Supply Cost Balancing Accounts:*
1. *GSWC currently has a Supply Cost Balancing Account for purchased water, purchased power, and pump taxes.*
 2. *The Supply Cost Balancing Account tracks cost changes attributable to changes in unit price, but not changes in the amount of consumption.*
 3. *MCBAs track changes in price and quantity.*

Therefore, non-general⁵ metered water services are excluded from the allocation of the net WRAM balance for Region 2 and Region 3.

Amortization Periods

On April 30, 2012, the Commission issued D.12-04-048, which amongst other things, changed the amortization period of the Water Revenue Adjustment Mechanism. D.12-04-48 Ordering Paragraph 3:

⁵ GSWC Region 2 non-general metered tariff schedule is ME-3; and in Region 3, the non-general metered tariff schedules include: R3-CM-7ML, R3-CMH-3M, R3-SD-3, R3-OC-3M, Calipatria Prison, Malone Well, Pomona College, R3-DEM-2H, R3-3 and R3-RCW

3. We adopt the amortization schedule set forth in Appendix A with a cap on total net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement. The cap shall be effective the first test year of each applicant's pending or next General Rate Case, as follows:

-Golden State and Park: Advice Letter filing on March 2014

-Cal Water: Advice Letter filings on March 2015

-Apple Valley: Advice Letter filing on March 2016

WRAM/MCBA account balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to surcharge cap.

D.12-04-048 Appendix A:

WRAM/MCBA under-collections as a % of the district’s last authorized revenue requirement	Amortization Period			
	SP U-27-W Balancing Account Guidelines	Applicants' Proposal in Rebuttal Testimony	Decision	
	2% - 5%	12 months	12 months	Use Applicants’ proposal with the following modification: A cap on total net WRAM/MCBA surcharges of 10% of the last authorized revenue requirement to be effective the first test year of each applicant’s pending or next GRC, as follows: Golden State and Park – Advice Letter filings on March 2014 Cal Water – Advice Letter filings on March 2015 Apple Valley – Advice Letter filings on March 2016. WRAM/MCBA account balances incurred prior to the first test year above may continue to be amortized under applicant’s proposal.
	5% - 10%	24 months	18 months	
	10% - 15%	36 months	19 to 36 months (10% per year as a guide with no cap)	
	15% - 22.5%			
	22.5% - 30%			
Over 30%		36 months		

Decision No. 12-04-048 also permits:

*“...applicants to include any under-amortized or over-amortized amounts from ongoing surcharges or surcredits in their annual Tier 1 Advice Letter submissions. Those ongoing surcharges or surcredits may run until the end of their originally intended amortization terms, provided that the ceiling on annual Advice Letter amortization, discussed earlier, is not exceeded.”*⁶

⁶ Decision No. 12-04-048 at p.30

In regards to under or over collections, D.12-04-048 Conclusion of Law 7 states:

“It is reasonable to require that net WRAM&MCBA over-collections be amortized through a surcredit on a customer’s service charges and that all under-collections be amortized through a surcharge on the volumetric rate.”⁷

Pursuant to D.12-04-084, the balance in Arden Cordova and Simi Valley in Region 1, and Region 2 should be amortized over a 12-month period through a volumetric rate, as detailed below. The balance in Los Osos and Santa Maria in Region 1, and Region 3 should be amortized over an 18-month period through a volumetric rate, as detailed below. For Bay Point, the balance should be refunded through a surcredit on a customer’s service charge. Except as stated above, WRAM does not apply to non-general metered customers.

Request

The purpose of this filing is to implement a surcharge to recover the combined WRAM&MCBA under collection in Arden Cordova, Los Osos, Santa Maria, Simi Valley, Region 2, and Region 3; and replace the current WRAM&MCBA surcharges in Arden Cordova, Los Osos, Santa Maria, Simi Valley, Region 2 and Region 3 that were approved through Advice Letter 1938-W upon the effective date of the WRAM&MCBA surcharges from this filing. Additionally, GSWC seeks to implement a sur-credit to refund an over collection in Bay Point. The Bay Point surcharge approved in Advice Letter 1938-W was cancelled on March 28, 2025.

The net WRAM&MCBA balance in Arden Cordova is an under collection of \$896,662 or 4.46% of current adopted annual revenue. GSWC is requesting to decrease the current temporary surcharge from \$0.192 to \$0.186 per Ccf for residential and non-residential metered customers on Schedules No. R1-AC-1-R and Schedule No. R1-AC-1-NR. The requested temporary surcharge would be in effect for a 12-month period beginning on the effective date of this advice letter.

The net WRAM&MCBA balance in Bay Point is an over collection of \$264,003 or -3.16% of current adopted annual revenue. GSWC is requesting a 3-month surcredit for residential and non-residential customers on Schedules No. BY-1-R and BY-1-NR. Please refer to tariffs BY-1-R and BY-1-NR for surcredit amounts.

The net WRAM&MCBA balance in Los Osos is an under collection of \$330,732 or 5.73% of current adopted annual revenue. GSWC is requesting to increase the current temporary surcharge from \$0.847 to \$0.858 per Ccf for residential and non-residential metered customers on Schedules No. LO-1-R and LO-1-NR, and the customer on Schedule No. LO-RCW. The requested temporary surcharge would be in effect for an 18-month period beginning on the effective date of this advice letter.

The net WRAM&MCBA balance in Santa Maria is an under collection of \$2,355,659 or 11.30% of current adopted annual revenue. GSWC is requesting to decrease the current temporary surcharge from \$0.582 to \$0.567 per Ccf for residential and non-residential metered customers on Schedule No. SM-1-R and SM-1-NR; and to increase the current temporary surcharge from \$0.132 to \$0.318

⁷ Decision No. 12-04-048 at p.40

per Ccf for non-general metered customers on Schedule No. SM-3ML. The requested temporary surcharge would be in effect for an 18-month period beginning on the effective date of this advice letter.

The net WRAM&MCBA in Simi Valley is an under collection of \$644,489 or 3.42% of current adopted annual revenue. GSWC is requesting to decrease the current temporary surcharge from \$0.356 to \$0.271 per Ccf for residential and non-residential metered customers on Schedules No. SI-1-R and Schedule No. SI-1-NR. The requested temporary surcharge would be in effect for a 12-month period beginning on the effective date of this advice letter.

The net WRAM&MCBA balance in Region 2 is an under collection of \$7,329,066 or 3.70% of current adopted annual revenue. GSWC is requesting to decrease the current temporary surcharge from \$0.543 to \$0.367 per Ccf for residential and non-residential metered customers on Schedules No. ME-1-R and ME-1-NR; and increase the current temporary surcredit of \$0.024 to \$0.133 per Ccf for non-general metered customers on Schedule No. ME-3 for the over collection of the MCBA balancing accounts in Region 2. The requested temporary surcharge/surcredit would be in effect for a 12-month period beginning on the effective date of this advice letter.

The net WRAM&MCBA balance in Region 3 is an under collection of \$13,554,299 or 7.15% of current adopted annual revenue. GSWC is requesting to decrease the current temporary surcharge of \$0.543 to \$0.408 per Ccf for residential and non-residential metered customers on Schedules No. R3-1-R and R3-1-NR; and to replace the current surcredit of \$0.036 with a surcharge of \$0.045 per Ccf for non-general metered customers on Schedules No. R3-CM-7ML, R3-CMH-3M, R3-SD-3, R3-OC-3M, R3-RCW, and Calipatria Prison for the under collection of the MCBA balancing account in Region 3. The requested temporary surcharge/surcredit would be in effect for an 18-month period beginning on the effective date of this advice letter.

Decision No. 25-01-036 requires GSWC to transition from its existing WRAM to the Monterey-WRAM ("M-WRAM"). As a result, this will be the final WRAM/MCBA filing to amortize the remaining balances included in those accounts. At the end of the amortization periods proposed in this advice letter, GSWC requests authority to transfer any residual balance to the General Ratemaking Area Balancing Account ("GRABA") and to close the WRAM/MCBA preliminary statements.

Tier designation

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

Effective date

GSWC is requesting that this filing become effective on May 1, 2025.

Notice

Customer Notice – Customer notice of Tier 1 advice letters is not required under General Order 96-B, General Rule 7.3.1. However, GSWC will be including a bill message to notify customers of the surcredits and surcharges, where applicable. GSWC has attached a copy of its Customer Notice Verification with the draft bill message language.

Response or Protest

Anyone may submit a response or protest for this Advice Letter (“AL”). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

Water Division must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to Water Division, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:

regulatoryaffairs@gswater.com

Mailing Address:

Golden State Water Company
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by Water Division within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/ Yvonne Pinedo
Regulatory Affairs Department

Schedule No. BY-1-NR
Bay Point District
Non-Residential Metered Service

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. New Services: Contra Costa Water District (CCWD) imposes a Facilities Reserve Charge for new or enlarged Retail services in this district. An applicant for service must first pay this fee, if applicable, to CCWD before service will be rendered under this schedule.
3. As authorized by the California Public Utilities Commission, a surcharge of \$0.166 per Ccf will be applied to all metered customer bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account.
4. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology.
5. Non-residential Sprinkler rates can be added as needed utilizing the multiplication factors identified in Appendix F of D. 17-03-001, applied to the 5/8" meter charge.
6. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of \$0.565 per Ccf is to be added to the quantity rate for a period of 36-months, beginning on October 10, 2023. The surcharge recovers the difference between the interim rates and the final rates for the period of January 1, 2022 through July 30, 2023.
7. As authorized by the California Public Utilities Commission, an amount of \$0.001 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA - Emergency Disaster Relief Customer Outreach.
8. As authorized by the California Public Utilities Commission, an amount of \$0.008 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the General Ratemaking Area Balancing Account.
9. As authorized by the California Public Utilities Commission, an amount of \$0.023 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA- COVID-19.
10. As authorized by the California Public Utilities Commission, an amount of \$0.018 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the Public Safety Power Shut-Off Memorandum Account.

3. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology.
4. Non-residential Sprinkler rates can be added as needed utilizing the multiplication factors identified in Appendix F of D. 17-03-001, applied to the 5/8" meter charge.
5. As authorized by the California Public Utilities Commission, an amount of \$0.271 per Ccf based on an 12-month amortization period, is to be added to the Quantity Rate, beginning on May 1, 2025 as indicated in Advice Letter 1958-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under collection in the WRAM/MCBA Balancing Account. (R)
6. As authorized by the California Public Utilities Commission, an amount of \$0.0004 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the General Ratemaking Area Balancing Account.
7. As authorized by the California Public Utilities Commission, an amount of \$0.001 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA - Emergency Disaster Relief Customer Outreach.
8. As authorized by the California Public Utilities Commission, an amount of \$0.023 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA - COVID 19.
9. As authorized by the California Public Utilities Commission, an amount of \$0.018 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the Public Safety Power Shut-Off Memorandum Account.

Schedule No. R3-CMH-3M
Claremont Customer Service Area
Measured Irrigation Service

APPLICABILITY

Applicable to all metered irrigation service.

TERRITORY

Within the City of Claremont, in Los Angeles County, bounded on the east by the County Line, on the south by Bluefield Drive and its easterly extension, on the west by Bonnie Brea Avenue and its northerly extension, on the north by the westerly extension of 21st Street.

RATES

Quantity Rates:

For all water delivered, per 100 cu. ft. \$ 0.742

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. This service is limited to existing irrigation customers of record who irrigate all or a reasonable part of their acreage each and every year.
3. The utility does not represent or guarantee that any water delivered hereunder is potable or of a quality suitable for human consumption. Any customer who uses said water or makes it available to others for human consumption shall take all necessary precautions to make the same potable and shall assume all risks and liabilities in connection therewith.
4. The utility does not guarantee a continuous and uninterrupted supply under this schedule and reserves the right to temporarily suspend the delivery of water when it is necessary to take the whole or part of the system out of service for the purpose of cleaning, maintaining and repairing or other essential improvements thereon; or for domestic purpose.
5. The utility is not required to provide service under this schedule for the watering of lawns, golf courses, parks, memorial parks or cemeteries.
6. As authorized by the California Public Utilities Commission, a surcharge of \$0.147 per Ccf will be applied to all metered customer's bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account.
7. As authorized by the California Public Utilities Commission, an amount of \$0.045 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on May 1, 2025 as indicated in Advice Letter 1958-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under collection in the WRAM/MCBA Balancing Account. (I)

Schedule No. R3-OC-3M
Placentia Customer Service Area
Metered Irrigation Service

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. The company shall not be required to install new mains to make this service available.
3. The annual service charge will be paid in advance and bills will be computed and rendered monthly based on the total quantity of water delivered.
4. This service is limited to existing irrigation customers of record who irrigate all or a majority of their property, five acres or more in size, each and every year for citrus or other commercial crops.
5. Service under this schedule is subordinate to all other service schedule offered in this tariff area and is subject to interruptions in emergencies or at the Company's discretion. The Company will not be liable for damage occasioned by interruption of service supplied under this schedule.
6. The customer will pay, without refund, the actual cost of the irrigation service if a new or replacement service is needed. The company will furnish the meter at its expense.
7. As authorized by the California Public Utilities Commission, a surcharge of \$0.147 per Ccf will be applied to all metered customers' bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account.
8. As authorized by the California Public Utilities Commission, an amount of \$0.045 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on May 1, 2025 as indicated in Advice Letter 1958-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under collection in the WRAM/MCBA Balancing Account. (I)
9. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of \$0.264 per Ccf is to be added to the quantity rate for a period of 36-months, beginning on October 10, 2025. The surcharge recovers the difference between the interim rates and the final rates for the period of January 1, 2022 through July 30, 2023.
10. As authorized by the California Public Utilities Commission, an amount of \$0.031 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the Basin Pumping Rights Litigation Memorandum Account.
11. As authorized by the California Public Utilities Commission, an amount of \$0.001 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA - Emergency Disaster Relief Customer Outreach.

VERIFICATION

I am Vice President of Water Operations and an officer of Golden State Water Company ("GSWC"), and am authorized to make this verification on its behalf with respect to the customer notification for **Advice Letter No. 1958-W**. GSWC intends to provide customer notification of **Advice Letter No. 1958-W** to affected customers by: (check all that apply)

- ☐ Bill Insert
- ☒ Bill Message
- ☐ Individual Notice by Mail
- ☐ Electronic Mail
- ☐ Legal Notices Published in a Local Newspaper of General Circulation
- ☐ Other (please explain) _____

GSWC will include a bill message on each of its customers' first bill generated after **Advice Letter No. 1958-W** goes into effect, to inform them of the sur-credit or surcharge approved in the advice letter filing. In addition, a copy of this advice letter and the bill message will be posted on the Company's website. The foregoing statement is true of my own knowledge.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 31st day of March 2025, at San Dimas, California.

David Schickling

David Schickling
Vice President of Water Operations
Golden State Water Company

Bill Message
