Advice Letter No. 1963-W

(U 133 W)

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Golden State Water Company (GSWC) hereby transmits this Tier 2 Advice Letter requesting approval to implement the following tariff sheets applicable to its water operations:

<u>CPUC Sheet No</u>	<u>Title of Sheet</u>	<u>Canceling CPUC Sheet No.</u>
Revised No. 9858-W	Preliminary Statements General Ratemaking Area Balancing Account	Revised No. 8366-W
Revised No. 9859-W	Schedule No. 4.1 Water Shortage Contingency Plan, Page 7	Original No. 9080-W
Revised No. 9860-W	Table of Contents, Page 4	Revised No. 9856-W
Revised No. 9861-W	Table of Contents, Page 2	Revised No. 9818-W
Revised No. 9862-W	Table of Contents, Page 1	Revised No. 9857-W

Purpose

GSWC is seeking authorization to modify its Preliminary Statement, General Ratemaking Area Balancing Account to include tracking of revenues collected for drought emergency surcharges under Schedule No. 14.1.

Background

On June 3, 2019, GSWC filed Advice Letter No. (AL) 1774-W to update its Preliminary Statements and establish the General Ratemaking Area Balancing Account (GRABA), to record small residual dollar amounts from expired authorized amortizations and other authorized dollar amounts for subsequent amortization at the ratemaking area level. A small residual balance would encompass any balance less than 2% of gross adopted revenues by ratemaking area. AL 1774-W was approved and became effective, June 8, 2019.

In Decision No. 25-01-036¹, dated January 30, 2025, GSWC was ordered to transition its existing Water Revenue Adjustment Mechanism (WRAM) to a Monterey-WRAM (M-WRAM): Specifically, Ordering Paragraph stated:

4. Golden State Water Company shall transition to the Monterey Water Revenue Adjustment Mechanism, establish an Incremental Cost Balancing Account, and discontinue its use of the full Water Revenue Adjustment Mechanism and Modified Cost Balancing Account.

On March 31, 2025, GSWC filed AL 1958-W to amortize the 2024 remaining balances included in its WRAM and at the end of the amortization periods for each ratemaking area, GSWC requested authority to transfer any residual balances to the GRABA and to close the WRAM Preliminary Statement.

GSWC activated Stage 2 Mandatory Conservation under its Schedule No. 14.1 for its Edna Road system in Los Osos² and for its Nipomo and Cypress Ridge systems in Santa Maria³. Activation of Stage 2 conservation in these systems, triggered drought emergency surcharges. All monies collected through February 28, 2025, were tracked in the WRAM.

Pursuant to GSWC's Schedule No. 14.1, Water Shortage Contingency Plan with Staged Mandatory Restrictions, Reductions And Drought Surcharges, Special Conditions, Section H.5:

5. All revenue collected by the utility through water use violation fines and/or Drought Emergency Surcharges shall not be accounted for as income, but shall be accumulated in the WRAM and lost revenue portion tracked in the appropriate memorandum account for non-WRAM Tariffs.

Requests

Due to the discontinuance of the WRAM, which included drought emergency surcharges collected through February 28, 2025, GSWC no longer has a tracking mechanism to include revenues collected for drought emergency surcharges in areas where they currently exist or could be implemented in the future. GSWC requests authorization to update its GRABA Preliminary Statement to include language that would allow it to track any drought emergency surcharge collected for drought emergencies. Any balances in the GRABA will be amortized in the respective ratemaking areas.

This advice letter filing will not change, cause the withdrawal of service, nor conflict with other schedules or rules.

Effective Date

This advice letter is submitted with a Tier 2 designation. GSWC is requesting that this filing become effective March 1, 2025.

¹ D.25-01-036 OP 4, page 91

² AL 1669-W, Effective 11-1-2016

³ AL 1673-W, Effective 12-1-2016

Customer Notice

Pursuant to Water Industry Rule No. 3.2 in the Commission's General Order 96-B, this advice letter does not require a customer notice.

Response or Protest

Anyone may respond to or protest this advice letter (AL). When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division (WD) within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

California Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102
E-mail: Water.Division@cpuc.ca.gov

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy by mail (or e-mail) to GSWC at the following address:

Golden State Water Company
Attn: Gladys Estrada
630 East Foothill Blvd.
San Dimas, CA 91773
E-mail: regulatoryaffairs@gswater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform WD, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

/s/ Gladys Estrada

Preliminary Statement
General Ratemaking Area Balancing Account

III. GENERAL RATEMAKING AREA BALANCING ACCOUNT ("GRABA")

PURPOSE

The purpose of the General Ratemaking Area Balancing Account ("GRABA") is to aggregate small residual dollar amounts from expired authorized amortizations and other authorized dollar amounts (e.g. intervenor compensation awards, conservation related drought emergency surcharges or fees) (T) for subsequent amortization at the ratemaking area level.

Note: A small residual balance would encompass any balance less than 2% of gross adopted revenues by ratemaking area.

APPLICABILITY

The GRABA does not have a rate component. Each ratemaking area will have a GRABA.

ACCOUNTING PROCEDURE

Entries to the GRABA shall be made as a result of the termination of an authorized amortization that has a small residual balance and should be accompanied by a Tier 1 advice letter filing requesting approval of the rollover of the small residual balance to the GRABA and closure of the originating Balancing/Memorandum Account Preliminary Statement.

GSWC shall maintain the GRABA by making entries as follows:

- a. A debit or credit entry shall be made to the GRABA to record the authorized intervenor compensation awards, conservation related drought emergency surcharges or fees or the small residual balance due to the termination of a previously authorized balancing/memorandum account amortization. (T)
- b. Interest shall accrue to the GRABA on a monthly basis by applying a rate equal to one-twelfth of the 3-month Commercial Paper Rate*, as reported in the Federal Reserve Statistical Release, to the average of the beginning-of-month and the end-of-month balances.

***Note:** If a particular BAMA has been authorized an alternative interest rate other than the 3-month Commercial Paper Rate, GSWC will continue to use the alternative interest rate while the account is being tracked in the GRABA.

EFFECTIVE DATE

The GRABA shall retain the original effective date of January 1, 2019. (T)

DISPOSITION

GSWC will amortize balances recorded in the GRABA in a Tier 2 advice letter filing, if the accumulated balance exceeds 2% of gross adopted revenues for a particular ratemaking area, in accordance with General Order 96-B and standard practices or by request in its next general rate case.

Schedule No. 14.1
Water Shortage Contingency Plan
With Staged Mandatory Restrictions, Reductions And Drought Surcharges

H. SPECIAL CONDITIONS

1. A Tier 2 advice letter will have to be filed with the CPUC to activate any of the Stages of Water Use Reduction and Drought Emergency Surcharges listed in this Schedule.
2. The active Stage of Water Use Reduction and Drought Emergency Surcharges is to remain in effect until a Tier 2 advice letter is filed with the CPUC to activate a different Stage or when Schedule No. 14.1 is deactivated.
3. Water-use violation fines and/or Drought Emergency Surcharges must be separately identified on each bill.
4. All bills are subject to reimbursement fee set forth on Schedule No. UF.
5. All revenue collected by the utility through water use violation fines and/or Drought Emergency Surcharges shall not be accounted for as income, but shall be accumulated in the General Ratemaking Area Balancing Account (GRABA).
