The purpose of this advice letter is to request Commission approval of an increase in rates of \$4,441,722 or 2.18% to offset increased purchased water and pump taxes costs in GSWC's Region 3 service areas.

### **Background**

GSWC purchases electricity for the Region 3 customer service areas from Southern California Edison (SCE), City of Anaheim and Imperial Irrigation District. SCE increased their energy

rates in June 1, 2025. This resulted in an increase in GSWC's annual purchased electricity expense of \$221,763 above the amount currently reflected in GSWC's rates.

Purchased Water and Lease Water for the Region 3 service area is obtained from various purveyors. Effective January 1, 2026 some of the purveyors will increase the purchase water rates. This will result in an increase in GSWC's annual purchased potable water expense of \$3,711,738 and \$56,020 for Leased Water.

GSWC pays a replenishment assessment pump tax to the Mojave Basin Area Water Master, Main San Gabriel Water Master and Orange County Water District. As of July 1, 2025 the pumping tax rates have been increased by some of these agencies. This resulted in an increase in GSWC's annual pump tax expense of \$391,391 above the amount currently reflected in GSWC's rates.

Revenues to cover the supply expense increases would also increase the uncollectible and franchise fees expenses by \$14,258 and \$46,551 respectively, above the amounts currently reflected in GSWC's rates.

An increase of \$4,441,722 or 2.18% to Adopted Gross Revenue is needed to offset the supply expense increase in Region 3.

Copies of detailed workpapers supporting the proposed rate increase and rate calculations have been provided to the Commission Staff in accordance with Standard Practice U-27-W.

#### **Effective Date**

This advice letter is submitted with a Tier 1 designation. GSWC is requesting this filing become effective January 1, 2026.

#### **Notice**

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with Section 4.3 of General Order No. 96-B.

GSWC will notify its customers of this rate increase by placing a message on the customer's water bills that are generated after the increase goes into effect.

#### **Response or Protest**

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.** The addresses for submitting a response or protest is:

Water Division  
505 Van Ness Avenue  
San Francisco, CA 94102  
**E-mail:** [Water.Division@cpuc.ca.gov](mailto:Water.Division@cpuc.ca.gov)

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy of the protest to Golden State Water Company, addressed to:

Attn: Gladys Estrada  
630 East Foothill Blvd.  
San Dimas, CA 91773  
**E-mail:** [regulatoryaffairs@gswater.com](mailto:regulatoryaffairs@gswater.com)

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform WD, within the 20 day protest period, so that a late filed protest can

be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

**Replies**

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

If the Effective Date occurs while Fixed Costs remain the same, Forest Lawn will pay an initial monthly Water Service Fee of two thousand, four, hundred forty-six dollars (\$2,446) for GSWC's maintaining a potable water connection for use by the Cemetery for irrigation purposes, which the Parties agree is an accurate determination of Forest Lawn's proportional share of said Fixed Costs.

Periodic Adjustments. The amount of the Water Service Fee shall be adjusted, as necessary, concurrently with the effective date of each future change in GSWC's CPUC-approved tariff Schedule No. R3-1 or successor tariff to reflect the Cemetery's then proportional share of Fixed Costs.
