

CONSTRUCTION NOTICE

Serving Californians Since 1929

Wallgreen St and Easton St AMR

What	Installation of 6-inch, 8-inch and 10-inch PVC pipe along Wallgreen St and the Easton St, replacing existing main, fire hydrants, and services.
When	Construction will commence on mid-May 2023 and completion expected of the entire project by end of October 2023. Anticipated working hours will be 8:00A.M. to 5:00 P.M.
Where	Installation of 6-inch, 8-inch, and 10-inch PVC pipe along Wallgreen St and Easton St. Work will also be done on La Jolla and Buccaneer Dr to make connections to existing water mains.
What to Expect	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment. The services will generally be installed using an air compressor and pneumatic boring tool. The streets will remain open to traffic during the construction period but traffic and parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick up will not be interrupted. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company's Construction Inspector, Mr. Jose Rivera at (714) 264-5018. Please visit our website at www.gswater.com/placentia/infrastructure-projects/ for periodic updates on the construction progress.
