

# CONSTRUCTION NOTICE

Serving Californians Since 1929

## OC-37 SCADA Upgrade Project

<b>What</b>	Installation of new Supervisory Control and Data Acquisition (SCADA) pedestal, control panel, and new conduits within small landscape area east of 486 N. Kraemer Blvd for remote monitoring of water supply operations from the Metropolitan Water District.
<b>When</b>	Construction will commence Early April 2024 and completion is expected of the entire project by the end of June 2024. Anticipated working hours will be 8:00 AM to 5:00 PM.
<b>Where</b>	Within landscape area that is east of 486 N. Kraemer Blvd, east of pedestrian sidewalk as well as within the landscape area between the residences of 2601 Woodacre St and 255 N Thistle Rd.
<b>What to Expect</b>	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new conduit alignment. The streets will remain open to traffic during the construction period but traffic, parking may be restricted using traffic control, and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration.
<b>Contacts</b>	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company's Construction Inspector, Mr. Jose Rivera at (714) 264-5018, and for any other concern after normal business hours, call (800) 999-4033.  Please visit our website at <a href="https://www.gswater.com/placentia/infrastructure-projects/">https://www.gswater.com/placentia/infrastructure-projects/</a> for periodic updates on the construction progress.
