# Investing in You

**Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.**

In Apple Valley, the recently completed **Kiowa Solar Generation** project represents a critical investment in local water infrastructure. The project installed a 240-kW solar photovoltaic array at the Kiowa Water Treatment Plant to generate renewable on-site energy, offset electricity use, and reduce reliance on the power grid. Completed in February 2026, the project supports sustainability efforts while **promoting reliable and eco-friendly water service for the community.**
