GOLDEN STATE WATER COMPANY (GSWC)

partners with Contra Costa Water District to offer various conservation programs as an incentive to purchase and install water efficient products. Funding is limited and programs can close at any time. Most programs only allow specific approved high efficiency products to be purchased and installed. It is the customer's responsibility to understand and follow all program rules and requirements to have their applications approved. Please contact Contra Costa Water District at the appropriate numbers below for inquiries and to apply for the various programs.

Residential Rebates

Flume Water Flow Monitoring Device Rebate

GSWC partners with the California Water Efficiency Partnership (CalWEP) to provide a special offer for the Flume device that attaches to your water meter and provides single-family customers almost real time data on their water use and detect leaks. You will need reliable Wi-Fi at the installation location, and a smart device such as a smartphone or tablet with app-accessibility to access information from the device. The net cost to customers may be as low as \$25 plus shipping and tax, after rebate and refund. For details and to order, go to [Golden State Water - Flume \(flumewater.com\)](https://www.goldenstatewater.com/flumewater.com).

Rachio Weather-Based Irrigation Controller Rebate

GSWC partners with the California Water Efficiency Partnership (CalWEP) to provide a special offer for the Rachio weather-based irrigation smart controller. The offer is for a discounted Rachio Smart Sprinkler Controller for eligible GSWC residents. The Rachio R3 8 zone is only \$69.99+tax and the 16 zone is \$89.99+tax (up to a \$249+ value). For details and to order, go to [Rachio CalWEP Promo](#) or [Rachio Support](#).
