

Calipatria Customer Service Rebates and Programs

Golden State Water Company (GSWC) is pleased to offer the following programs and incentives to help customers use water more efficiently. Funding is limited and programs can close at any time. Most programs include the purchase and installation of approved, high efficiency products. Customers are responsible for following all program rules and requirements to ensure their application is approved. If you have any questions, please contact conservationdept@gswater.com or (800) 999-4033.

GSWC Residential Programs

Toilet Rebates

High-Efficiency Toilet (HET) rebates are no longer available from GSWC for toilets that flush 1.28 gallons per flush. These toilets are now part of state code and are widely available. GSWC is encouraging customers to install Premium High-Efficiency Toilets (PHET) that are 20% more efficient than current HETs. All approved qualifying models have been tested and certified through the EPA Water Sense program.

Premium High Efficiency Toilet (PHET) Rebate

- Up to \$80.00 each limited to the cost of the toilet (installation not included)
- New toilet must flush 1.06 gallons per flush or less
- Must be replacing a toilet flushing 1.6 gallons per flush or more
- New toilet must be on the approved EPA WaterSense list found [HERE](#)
- Limit 2 per household

High Efficiency Clothes Washer (HECW) Rebate

- Up to \$80.00 for qualifying models on the list found [HERE](#)

Weather-Based Irrigation Controllers (Smart Controllers) Rebate

- Up to \$80 for approved models found [HERE](#)

Efficient Sprinkler Nozzle Rebate

- Up to \$4 per nozzle with a minimum purchase of 15
- Approved model list found [HERE](#)

GSWC Commercial/Institutional and Large Landscape Programs

Premium High Efficiency Toilets (gravity and flush valve types)

- Up to \$80 for qualifying tank type models found [HERE](#)
- Qualifying flush valve models found [HERE](#)
- Replacing valves only does not qualify. Must replace toilet and valve

High Efficiency Urinals (low and zero water use)

- Up to \$200 for qualifying models found [HERE](#)

Weather-Based (Smart) Irrigation Controllers

- Up to \$80 for sites less than 1 acre
- Up to \$25 per valve for sites more than one acre
- Approved model list [HERE](#)

Efficient nozzles and rotors

- Up to \$4 per nozzle with a minimum purchase of 15
- Up to \$13 per rotor pair with a minimum purchase of 8 pair
- Approved nozzle model list found [HERE](#)
- Approved rotor model list found [HERE](#)

W-9 Tax Form Requirement

Federal IRS tax law requires water rebate program participants that receive \$600 or more in rebates in a calendar year to report that gain on their tax form. GSWC may issue a 1099 form on any rebate(s) totaling \$600 or more. Submission of a W-9 form is required prior to issuance of any rebate(s) totaling \$600 or more. Download the W-9 form [HERE](#).

Free High Efficiency Water Conservation Kits

Indoor Water Conservation Kit (Maximum order of two)

- 1.5 GPM High Efficiency Showerhead
- 1.5 GPM Kitchen Aerator
- 1.0 GPM Bath Aerator (2)
