

Golden State
Water Company
A Subsidiary of American States Water Company

Investing in You

Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.

In Claremont, the recently completed **Del Monte Treatment and Booster Station** project represents an important investment in water quality and system reliability. Phase 1, completed in November 2024, included installation of an arsenic removal system at Del Monte Well No. 4, along with replacement of the well pump, motor, motor control center (MCC) panel, and rehabilitation of the well.
