

TERMS & CONDITIONS 2025 - 2027

By signing and submitting the Commercial Rebate Application, I agree to the following Terms and Conditions

1. I understand the rebate eligibility term is from January 1, 2025, through December 31, 2027 (Term). Products must be purchased and installed within the Term of this program. The Term may change at any time and that funding is available on a first-come, first-served basis.
2. I understand that not all rebates are available in all areas served by GSWC and submitting an application does not guarantee approval or payment. The Terms and the application requirements may be modified or terminated without prior notice.
3. To be eligible for a rebate in accordance with this application, I must be a customer of Golden State Water Company (GSWC) with an active meter and be installing qualified product(s). Prior to submitting an application, I have reviewed and confirmed my qualifications and that the product(s) also qualify.
4. I understand that rebates will be issued only to the GSWC commercial account holder and that if I am a tenant, that I must get permission from my landlord to install product(s) submitted for rebate and that by signing this application I am affirming that I have that permission and am solely responsible for any dispute between the landlord and myself.
5. I understand only complete applications can be processed for rebates. Failure to submit a complete application may result in delay or rejection of a filed application. Complete applications must include all required application information, a signature, proof(s) of purchase and all other required documentation for all products as referenced in this application. GSWC will not be responsible for items lost or destroyed in the transit through the mail or electronic medium.
6. I understand that rebates totaling \$600.00 or more may be subject to tax considerations and that I am responsible to consult a tax advisor and am responsible for all applicable taxes. A W-9 should be submitted if all rebates total more than \$600.
7. I certify that the products described in the application were purchased new at retail price and not for resale and that they were installed at the address above as served by Golden State Water Company (GSWC). All references to the terms "install, installation or similar phrases" shall mean that the product(s) is completely installed and is entirely functional and operational.
8. I agree that I am fully responsible for the proper disposal of any replaced devices.
9. I agree that GSWC may verify the sale, delivery, and installation of the devices and will allow GSWC representatives reasonable access to verify the installation.
10. I understand the rebate amount cannot exceed the purchase price of the product, nor can it include taxes, installation, or shipping costs. GSWC reserves the right to limit the number of products rebated.
11. I understand that I am solely responsible for the hire of and payment to any contractor or plumber and any subsequent corrections, issues, or disputes with said contractor or plumber.
12. I understand that I will be responsible to pay back any and all rebates if the Terms and Conditions are not met.
13. I understand that GSWC does not warrant any of these products to be free from defects or warrant the quality of workmanship. Further, that GSWC does not guarantee that the installation of these products will result in lower water use or costs.
14. I agree to hold harmless GSWC, its affiliates, subsidiaries, parent company, authorized third parties, directors, officers, and employees against all loss, damages, expense, fees, costs, and liability resulting from the loss, destruction, or damage to property arising out of or in any way connected to the installation and use of the products.

Product Qualifications

- Various products to be rebated must be on the specific qualifying product lists.
- Links to the lists are found on the program descriptions.

Proof of Purchase Requirement

Retail products receipts or invoices must be legible and include the following information:

- Retailer or contractor name, address, and phone number
- Itemized listing of each product including quantity, product description, manufacturer, model number, or other identifying information (e.g., SKU number). This must match the requested product information listed on your application.
- Purchase price per product (excluding taxes, installation, and shipping). Contractor/plumber invoices must clearly identify the product(s) and product cost.
- Date purchased. Products must be purchased and installed within the Term of this program.
- Date product(s) were installed if done by a contractor/plumber.
- Photocopies and electronic scans are acceptable. Please retain the original for your records. If originals are sent and you want them returned, please enclose a stamped, self-addressed envelope.

Customers served within the Metropolitan Water District of Southern California area are not eligible to apply with this form.

If you have any questions please contact us at (800) 999-4033 or by email to Conservationdept@gswater.com

Not all product rebates are available in all areas. Please read the application materials and Terms & Conditions carefully and keep a copy for your records. Please type or print clearly in ink. Use one application per location served by GSWC. Use separate applications if you are applying for more than one address. All information on this application form is treated as confidential customer information. Applications are processed in the order received. Rebates are dependent upon the availability of program funds. Not all products are available for rebates in all areas. Funding is limited, therefore, rebates are **not guaranteed**.

REBATE & 1099 IRS TAX INFORMATION
<ul style="list-style-type: none"> ✓ Rebates paid do not exceed the actual cost of the product and do not include installation or sales tax costs. ✓ Combined rebates that total \$600 or more may be subject to tax and applicants are required to receive an IRS form 1099 unless exemptions apply. Rebate program participants are responsible for all applicable taxes and should consult with their tax advisor. ✓ If rebates total more than \$600, complete an IRS W-9 form and send it with your application.

Attach the Product Detail sheets to this application that identify the devices installed and purchase price. Also attach itemized receipts that indicate the manufacturer, model and number as well as purchased price. Contractor detailed invoices are acceptable that show all of the requested information. Applications that do not contain the necessary detail will be rejected.
