

Golden State  
Water Company  
A Subsidiary of American States Water Company

# Investing in You

Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.

In Culver City, the recently completed **Mentone AMR Main Replacement Project** represents an important investment in local water infrastructure. The project replaced approximately 170 domestic water services and 5,580 linear feet of aging cast iron water mains that were, on average, 95 years old. The new pipelines **improve system hydraulics and enhances service reliability for customers.**
