

Golden State
Water Company
A Subsidiary of American States Water Company

CONSTRUCTION NOTICE

Project Type

| | |
|-----------------------|---|
| WHAT | Removal of the water storage tank, boosters (pumps and motors), electrical and instrumentation infrastructure, equipment storage building, piping, and fencing from GSWC's Basalt Plant. |
| WHEN | Construction will commence on April 06, 2026, with completion expected by end of June 2026. Construction shall be limited to 7:00 AM to 4:30 PM. No work scheduled on Weekends or Holidays. |
| WHERE | At 28072 Linda Vista Avenue, Barstow, CA 92311, in the County of San Bernardino. |
| WHAT TO EXPECT | Construction crews with backhoes, dump trucks, crew trucks and hand tools will be used to remove equipment from the plant site, and modify the water system connections to the plant site. The streets will remain open to traffic during the construction period, but traffic and parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. Crews will dechlorinate the water before discharge. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration as well as perform final street paving. |

CONTACTS

If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.

Golden State Water Company thanks you for your patience while we work to improve your water system.

Ongoing investments in the treatment and delivery of water create sustainable, long-term value for customers in this water system.
