**GOLDEN STATE WATER COMPANY'S
NOTICE OF APPLICATION
REQUESTING TO INCREASE RATES
REGION 3 SERVICE AREA
(APPLICATION NO. 20-07-012)**

On July 15, 2020, Golden State Water Company (GSWC) filed what is known as a "General Rate Case" (GRC) application with the California Public Utilities Commission (CPUC). The application filing by GSWC requests to increase rates to align with the anticipated costs to provide reliable water service and make critical infrastructure improvements over the three-year period from 2022 through 2024. This application will have no impact on current water rates or rates for 2021. The soonest new rates could take effect would be January 1, 2022.

GSWC's Region 3 service areas include all or portions of the cities of Barstow, Lenwood, Town of Apple Valley, Lucerne Valley, Morongo Valley, Wrightwood, Calipatria and the community of Niland, and adjacent territory in Imperial County in the Mountain/Desert District and in Cypress, La Palma, Los Alamitos, Placentia, Seal Beach, Stanton, Yorba Linda, Cowan Heights, Lemon Heights, Rossmoor, Claremont, Montclair, Pomona, Upland, San Dimas, Charter Oak, Glendora, Monterey Park, Rosemead, San Gabriel, Arcadia, El Monte, Irwindale, Monrovia and Temple City and adjacent vicinity in the Los Angeles, Orange and San Bernardino Counties in the Foothill and Orange County Districts.

Why is GSWC requesting this rate increase?

The CPUC requires GSWC to submit a GRC application every three-years. The purpose of this GRC is for GSWC to cover its anticipated costs from 2022 through 2024 for improvements to the water supply system, purchased water, water treatment costs, Federal Income taxes, and cost for centralized corporate support services, such as accounting and human resources.
