Scheduled Investments and Key Projects 2022 | Los Alamitos

More than \$8.7 Million scheduled to be invested in Los Alamitos

Golden State Water is committed to responsibly maintaining the local water infrastructure to ensure we can continue providing customers with premium water service. These investments protect the safety and reliability of the local water system.

Benefit to Customers

Below are two of the major projects planned for the Los Alamitos Customer Service Area in 2022. For additional project details, please visit www.GSWater.com/Los-Alamitos.

Project Name: Ruth Elaine AMR

Construction Summary Construction crews will work to install approximately 12,000 L.F of

8-inch PVC & 16-inch D.I to replace the existing old 4-inch & 14-inch pipes, 24 new wet barrel fire hydrants & 247 domestic

services.

Project Rational This project is required to provide reliability of service to local

customers by abandon existing old pipelines that anticipate to

reach the end of the useful life.

Working Hours Monday through Friday | 8 a.m. – 4 p.m.

Anticipated Project February 2022 through December 2022

Timeline

Project Name: Ball Plant Iron & Manganese Treatment

Construction Summary Construction crews will work to install treatment vessels, backwash

welded steel tank and electrical & SCADA upgrades to treat Iron & Manganese constituents for existing ground water well at Ball Plant

that has the pumping capacity of 900-950 GPM.

Project Rational This project is required to ensure providing reliability of service,

safe and economical water supply to local customers.

Working Hours Monday through Friday | 7 a.m. – 5 p.m.

Anticipated Project May 2022 through March 2023

Timeline

Companywide, an investment of more than \$18 million to replace old meters, services, safety equipment, etc. will be made throughout GSWC service areas. This investment is critical to protect the quality and reliability of water service.

Golden State Water also remains focused on investing to modernize the customer service experience with improved online and account management resources.
