

**Golden State**  
Water Company  
A Subsidiary of American States Water Company

# Investing in You

**Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.**

In Morongo Valley, the Mojave Booster, Reservoir and Generator Project (Morongo Del Sur) represents a significant investment in local water infrastructure. The project includes the construction of a **0.4 Million Gallon (MG)** steel reservoir to increase water storage capacity for emergency and fire suppression purposes. It also features a new booster station equipped with three pumps, each capable of delivering 150 gallons per minute, strengthening supply reliability throughout the system.
