
Sewer Rule No. 2
Description of Service

A. Quantities

The utility will endeavor to supply sewer and reclaimed water service dependably and safely in adequate quantities to meet the reasonable needs and requirements of customers. The utility will operate its plant and system in accordance with its tariffs and with the regulations of the California Public Utilities Commission, California Division of Drinking Water, State Water Resources Control Board, Regional Water Quality Control Board and the County Health Department.

B. Pressures

Collection service will ordinarily operate on gravity flow. If a lift is required in the mains, it will be provided by the utility by means of lift stations or force mains. Any lift that may be required in the service line shall be provided by the customer.

C. Quality

The utility will maintain its mains and its portion of each service line free from obstructions. Each customer is responsible for clearing obstructions in and maintaining the customer's portion of the service line.

D. See Sewer Rule No. 16 for additional customer and utility responsibilities.
