A. Application for Service

(N)

1. Content

Each applicant for service may be required to sign, on a form provided by the utility, an application which will set forth:

- a. Date and place of application
- b. Location of premises to be served.
- c. Date applicant will be ready for service.
- d. Whether the premises have been heretofore supplied with sewer by the utility.
- e. Purpose for which service is to be used.
- f. Address to which bills are to be mailed or delivered.
- g. Whether applicant is owner or tenant of, or agent for the premises.
- h. Rate schedule desired where optional rates are in effect.
- i. Such other information as the utility may reasonably require.

2. Purpose

The application is merely a written request for service and does not bind the applicant to take service for a period of time longer than that upon which the flat rate charge, minimum charge, or readiness to serve charge of the applicable rate schedule is based; neither does it bind the utility to serve, except under reasonable conditions.

B. Individual Liability for Joint Service

Two or more parties who join in one application for service shall be jointly and severally liable for payment of bills and shall be billed by means of single periodic bills.

C. Change in Customer's Equipment or Operations

A customer making any material change in size, character or extent of the equipment or operations for which the utility's service is utilized shall immediately give the utility written notice of the extent and nature of the change.

D. Discharge of Sewage Without Application for Service Having Been Made

(N)

Any person discharging sewage to the service line without having made application to the utility for service, shall be liable for the full amount of the service rendered.

E. Service to Affordable Housing

Applications for service to a proposed development that includes housing units affordable to lower income households shall not be denied, conditioned, or reduced unless the utility finds in writing that said action is necessary due to the existence of one or more of the following:

1. The applicant for service has failed to agree to reasonable terms and conditions relating to the provision of service generally applicable to development projects, including, but not limited to, the requirements of local, state, or federal laws and regulations.
2. The utility providing sewer service does not have sufficient treatment or collection capacity, as demonstrated by a written engineering analysis and report on the condition of treatment or collection works, to serve the needs of the proposed development.
3. The utility providing sewer service is under an order issued by a regional water quality control board that prohibits new sewer connections.

Unless otherwise stated, definitions of the language herein are governed by Section 65589.7 (d) of the Government Code.

F. Service to a Tenant

No tenant applying for residential sewer service shall be required to pay charges or penalties on account of nonpayment of charges by a previous tenant. The Company may, however, require that service to subsequent tenants be furnished on the account of the landlord or property owner.
