

**Golden State**  
Water Company  
A Subsidiary of American States Water Company

# Investing in You

**Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.**

In San Dimas, the **Wayhill Reservoirs Replacement Project** represents an important investment in water storage reliability and system resilience. The project will remove and replace two aging 500,000-gallon concrete reservoirs that have reached the end of their service life and no longer meet modern seismic and operational standards. The new welded-steel reservoirs are designed to provide **improved durability, enhanced seismic performance, and long-term operational stability.**
