

Golden State
Water Company
A Subsidiary of American States Water Company

Investing in You

Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.

In San Gabriel, the recently completed **Jeffries Plant 1.25-Million-Gallon Reservoir and Booster Station project** represents a critical investment in local water infrastructure. The project included constructing a new **1.25-million-gallon water storage reservoir, a booster station with three pumps, an emergency generator, and upgraded site security improvements**. Completed in August 2025, the project strengthens water system reliability and helps ensure the South Arcadia System can meet customer demand.
