Water Company  
A Subsidiary of American States Water Company

# Investing in You

**Golden State Water is dedicated to maintaining local infrastructure to ensure customers receive safe, high-quality and reliable water they can trust.**

In the Southwest Customer Service Area, the **Compton-Doty Well Replacement Project** represents an important investment in local water supply reliability. The project will replace Compton-Doty Well #1, which was drilled in 1947 and had reached the end of its useful service life. **The new Compton-Doty Well #2 is expected to produce up to 1,000 gallons per minute**, increasing local groundwater production capacity and strengthening the Southwest water system.
