Apple Valley

- **CAP Surcharge: Advice Letter 1796-W**
  
  **Customer Bill Impact:** A surcharge of $0.062 is applied to each 748 gallons (1 Ccf) billed.
  
  **Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.
  
  **Expires:** N/A; Rates are recalibrated every three years in accordance with the GRC filing.

Arden Cordova

- **CAP Surcharge: Advice Letter 1796-W**
  
  **Customer Bill Impact:** A surcharge of $0.095 is applied to each 748 gallons (1 Ccf) billed for metered customers, and a monthly surcharge of $1.30 is applied for flat rate customers.
  
  **Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.
  
  **Expires:** N/A; Rates are recalibrated every three years in accordance with the GRC filing.

*For description, please refer to glossary*
**Description:** The CPUC has authorized Golden State Water to implement a temporary surcharge to repay a 20-year loan obtained by Golden State Water through the California Department of Public Health’s Safe Drinking Water Revolving Fund American Recovery and Reinvestment Act funding program. This program provides funding to install water meters and retrofits to residential flat rate customers in the Arden Cordova District. Golden State Water’s meter retrofit program will assist in bringing service connections into compliance to meet the state mandated requirement that all urban water suppliers install meters on all municipal and industrial service connections by or before January 1, 2025.

**Expires:** March 2, 2033

**Water Quality Litigation Memorandum Account: Advice Letter 1771-W**

**Customer Bill Impact:** A surcharge of $0.296 is applied to each 748 gallons (1 Ccf) billed for metered customers, and a monthly surcharge of $9.03 is applied for flat rate customers.

**Description:** In 2005, Golden State Water’s local water supply was contaminated by a third party. As a result, Golden State Water wells suffered and became inoperable. The CPUC authorized Golden State Water to institute a surcharge to recover legal expenses associated with this litigation.

**Expires:** Sept. 21, 2025

**2019 Interim Rate True-Up: Advice Letter 1782-W**

**Customer Bill Impact:** A surcharge of $0.069 is applied to each 748 gallons (1 Ccf) billed for metered customers, and a monthly surcharge of $2.13 is applied for flat rate customers.

**Description:** Due to the CPUC’s delay in issuing a decision on Golden State Water’s 2019 GRC, interim rates took effect on January 1, 2019, and remained in effect until the new approved rates were implemented on June 8, 2019. The CPUC has authorized Golden State Water to implement a temporary surcharge to recover the balance between the GRC revenue adjustment that was approved for 2019 and the revenue that was actually recovered through interim rates.

**Expires:** Sept. 27, 2021

**Barstow**

**CAP Surcharge: Advice Letter 1796-W**

**Customer Bill Impact:** A surcharge of $0.062 is applied to each 748 gallons (1 Ccf) billed.

**Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.

**Expires:** Rates are recalibrated every three years in accordance with the GRC filing.
Bay Point

- **CAP Surcharge: Advice Letter 1796-W**
  
  **Customer Bill Impact:** A surcharge of $0.095 is applied to each 748 gallons (1 Ccf) billed.
  
  **Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.
  
  **Expires:** N/A; Rates are recalibrated every three years in accordance with the GRC filing.

- **Randall Bold Balancing Account: Advice Letter 1771-W**
  
  **Customer Bill Impact:** A surcharge of $0.856 is applied to each 748 gallons (1 Ccf) billed.
  
  **Description:** The CPUC has authorized Golden State Water to implement a temporary surcharge to recover the expenses associated with the use of the Randall-Bold Water Treatment Plant and the engineering construction cost index escalation as required by Section 1.2.2 of the executed Asset Lease Agreement between Golden State Water and the Contra Costa Water District.
  
  **Expires:** June 8, 2022

Calipatria

- **CAP Surcharge: Advice Letter 1796-W**
  
  **Customer Bill Impact:** A surcharge of $0.062 is applied to each 748 gallons (1 Ccf) billed.

  **Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.
  
  **Expires:** N/A; Rates are recalibrated every three years in accordance with the GRC filing.

Central Basin East (Artesia, Norwalk and surrounding communities)

- **Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA)*: Advice Letter 1809-W**
  
  **Customer Bill Impact:** A surcharge of $0.536 is applied to each 748 gallons (1 Ccf) billed.
  
  The monthly bill of a residential customer with a 5/8” x 3/4” meter using 9 Ccf would increase during the 18-month amortization period by $4.82.

*For description, please refer to glossary
Description: The CPUC approved Golden State Water implementing a temporary surcharge to recover the expenses associated with under-collection due to water usage and water supply costs differing from the authorized levels.
Expires: Oct. 9, 2022

- **CAP Surcharge: Advice Letter 1796-W**
  - **Customer Bill Impact:** A surcharge of $0.121 is applied to each 748 gallons (1 Ccf) billed.
  - **Description:** The CPUC has authorized Golden State Water to implement the Customer Assistance Program (CAP) to assist low-income families. Golden State Water’s CAP provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.
  - **Expires:** N/A; Rates are recalibrated every three years in accordance with the GRC filing.

Central Basin West (Bell, Bell Gardens and surrounding communities)

- **Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA)**: Advice Letter 1809-W
  - **Customer Bill Impact:** A surcharge of $0.536 is applied to each 748 gallons (1 Ccf) billed.
    The monthly bill of a residential customer with a 5/8” x 3/4” meter using 9 Ccf would increase during the 18-month amortization period by $4.82.

Glossary

California Public Utilities Commission (CPUC): The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies. The CPUC serves the public interest by protecting consumers and ensuring the provision of safe, reliable utility service and infrastructure at just and reasonable rates, with a commitment to environmental enhancement and a healthy California economy.

Customer Assistance Program (CAP): The program provides a monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas CARE programs. As part of the program, the CPUC authorizes Golden State Water to track and recover costs associated with the administration of the program.

WRAM/MCBA Balancing Accounts: During the ratemaking process, regulated utilities forecast water usage to ensure revenue recovered from rates balances with expenses to operate, maintain and improve the water system. A large portion of these costs are fixed, meaning they don’t change as usage changes. Companywide, fixed costs average 73 percent of Golden State Water’s expenses.

When water usage and water supply costs do not match the forecasted level and the revenue collected either exceeds or falls short of the authorized amount, the WRAM and MCBA are used to achieve the financial balance. The WRAM ensures any under-collected revenue is recovered with a temporary surcharge, and revenue that exceeds the CPUC-authorized amount is returned to customers in the form of a temporary surcredit.

The MCBA ensures any savings associated with lower water supply costs are credited to the customers, and any water supply costs that are lower than the CPUC authorized level are returned to the customer in the form of a surcredit. Vice Versa, any supply costs that exceed the CPUC-authorized levels are recovered in the form of a temporary surcharge. This process provides transparency and accountability but can also present challenges during times of drought and reduced water usage.

Given unprecedented statewide conservation requirements, water utilities in every community must make adjustments to account for revenue shortfalls resulting from reduced usage. This is a challenge for all water providers, regulated and municipal.
